November 3, 2005

Dear Interested Party:

Following recommendations by the Washington State Pharmacy and Therapeutics Committee, the Department of Social and Health Services – Health & Recovery Services Administration (DSHS-HRSA), the Health Care Authority – Uniform Medical Plan (UMP), and the Department of Labor & Industries (L&I) have named the following drugs as preferred in their respective therapeutic classes on the Washington State Preferred Drug List:

ACE Inhibitors

benazepril (generic products only)
captopril (generic products only)
enalapril (generic products only)
lisinopril (generic products only)
ramipril (Altace ®)*

* Subject to expedited prior authorization for patients meeting the HOPE study criteria.

Each agency will use the common PDL according to its benefit structure.

Each agency will implement the ACE Inhibitor class according to its benefit structure on January 1, 2006. L&I does not cover this class of drugs.

If you have other questions or comments regarding this announcement, please contact Erika Clayton at (360) 923-2736 or by email at pdp@hca.wa.gov.

Sincerely,

Duane Thurman
Director, Prescription Drug Programs
